

# Updated Dixon Shouldered Concentric Reducer Design Product Update

The Right Connection®

We have streamlined the design of the 4" x 2" (100mm x 50mm) Dixon Shouldered Concentric Reducer to provide a more compact design by reducing the overall length and weight. This new design is available immediately.

Same application, benefits and features just in a more compact and efficient design.

Part Number	NEW Weight	Old Weight	NEW Length	Old Length
08/048/14/002T	1.55kg	2.23kg	110mm	229mm
08/048/13/002	1.47kg	2.20kg	110mm	279mm

**Updated** 4" x 2" (100mm x 50mm) Shouldered Concentric Reducer Compact Design.
